At this time, very few people in government were fully aware of what MI5 and its brethren really did. But with Churchill at the country's helm, MI5 reluctantly decided to let the inquisitive prime minister in on the secret, providing him with a weekly report of the organisation's clandestine activities - so highly classified that he was handed each report personally and copies were never allowed to be made, nor was he allowed to keep hold of them. However, the original documents have survived, buried deep in the archives, with many pages annotated by hand by 'W.S.C.' himself. Here acclaimed intelligence expert Nigel West unravels the tales of previously unknown spy missions, revealing a fresh view of the worldwide intelligence scene of the Second World War, and exposing the Soviet mole who drafted Churchill's

briefings. With foreword from Lord Evans of Weardale, former Director-General of MI5.
