The most focused, confident, and ambitious women can find themselves derailed by a tiny little thing: a new baby. While more workplaces are espousing family-friendly cultures, women are still subject to a "parenting penalty" and high-profile conflicts between parenting and the workplace are all over the news: from the controversy over companies covering the costs of egg-freezing to the debate over parental leave and childcare inspired by Mark Zuckerberg's two-month paternity leave.

*Here's the Plan* offers an inventive and inspiring roadmap for working mothers steering their careers through the parenting years. Author Allyson Downey [founder of weeSpring, the "Yelp for baby products," and mother of two young children] advises readers on all practical aspects of ladder-
