Invasion of privacy; divorce; relationship issues; encounters between people from different places and cultures; new technologies developed at dizzying speeds . . . the hectic pace of life in the late nineteenth century could make the mind reel.

Wait a minute—the *nineteenth* century?

Many of the issues people faced in the 1880s and '90s were a lot like the problems in today's modern world, so why not take a peek at some Victorian advice about negotiating life's dizzying twists and turns? Gathered from period magazines and *Hill's Manual of Social and Business Forms*, a book on

social conduct originally published in 1891, this volume provides timeless guidance for a myriad of situations, including:

The husband's duty: Give your wife every advantage that it is possible to bestow. **Suggestions about shopping:** Purchasers should, as far as possible, patronize the merchants of their own town. (Buy local!) **Suggestions for travel:** Having paid for one ticket, you are entitled to only one seat. It shows selfishness to deposit a large amount of baggage in the surrounding seats and occupy three or four. **Unclassified laws of etiquette:** Never leave home with unkind words.

From the author of *Victorian Secrets* and *This Victorian Life*, this compendium of advice is accompanied by watercolors and illustrations throughout. Though these are tips originate from nineteenth-century ideas, you'll find that they certainly do still apply—as well as offering a fascinating and enlightening look at the past.
