The project features an impressive and august array of nearly 50 authors representing all five Nordic countries. There is growing interest in the United States in Nordic societies and attention being paid to Nordic solutions: cutting edge innovation in technology and design, arts, culture, liberal democratic values, including gender equality and a free press, environmental responsibility, and economic success achieved on a global level in partnership with employees. Today, with a U.S. Presidential campaign marked by widespread dissatisfaction among the electorate, it is abundantly clear that Nordic Ways can guide this new and
