Let s face it: Who wants to be just like everyone else? Talk about boring! People come in all shapes and sizes and are born with natural and unnatural gifts and talents like no other, and your greatest challenge is to discover your gifts and then apply them to the world to create a better place, a better planet, a better universe! That is my challenge to you so that all of us can get along peacefully and become truly a population of one. I would like to ask you some questions to help you discover what makes you unique, different, and awesome. Are you different? Are you unique? Do you look different than others? Talk differently than others? Do you walk differently than others? Have you been born with talents that very few others have? Have you been brainwashed to look at your talents as a disability? Do you stay up nights dwelling on all the things in life you don t have, rather than focus on all the blessings you do have? Have you ever been

bullied at school, at home, and in many areas in your life? Have you ever been called a retard, dumb, disabled ? If you have answered yes to any of these questions, perhaps you have yet to understand, accept, and apply your unique gifts to make the world a better place. If you have answered Yes to any of these questions, I feel your pain, I have walked in your shoes, and I can empathize with your situation. I have been bullied, called a retard, told that I am disabled, put in special classes, advised that I should not expect to reach my goals. My name is Tyler McNamer and I have been called ALL of the above many, many times in my life. I am nineteen years old and have been blessed with autism my entire life. I have chosen to accept my label of autism not as a disability but as an extraordinary ability and I want to help you overcome the label that you may have suffered from for many years of your life.
